## THE AA NEWSLETTER

### Internet Update Issue 2008/3

Welcome to our latest Internet update featuring new products and model show news.

Thank you for your continued support, and for opting in to get regular updates from us .

### D-Day and beyond.....

Following on from our 'D-Day' Newsletter I am pleased to say that we are now in our new facility, and production and development are up and running. Back orders are all on the way to customers and we will be producing the first new designs from here in September (BIG news to follow later!)

For reference the new factory address is shown at the foot of this page:-

**We celebrated our move by releasing a model kit of the Iconic INDEPENDENT TANK at the same time.**

We have also expanded our Landrover models to include three new Series-III 109 versions including the Helicopter support version to go with our Westland Lynx kits.

Here is our usual summary of these new items and other recent releases:-

## The Future and Releases

Our mail order system ran throughout the move and at this point we would like to add a note of thanks from my wife, Janet, who ran the order system for 6 weeks while the guys and myself played at demolition, packers, movers and generally sweated in a van. She shipped as fast as possible and everyone who could not get our usual service was polite, understanding, and a pleasure to deal with.....thanks to all of you. (It also seemed that she was less grumpy than me .....?)

We can now quote for, and supply special orders or part kits, just contact us for details, it may take 10-14 days but the facility is now up and running.

We are now running up stocks of Tools, Ultracast, Kamizukuri, Echelon, Paint, Karaya and Mission Models to get back to the usual In-house service for Armour Distribution following the move.

During our move the news of Roy Hunts' passing reached us; such a talented and nice guy in all respects, a great character and such very very sad news. We will all miss him.

## Contact Us

Our telephone and e-mail details remain the same, snail mail for our old address will be redirected here, the full new address has been switched throughout this web site by us, however parts of the site still have the old address (WHY!?!..... C'mon web guys!!!)

In the meantime we have set up a temporary 'showroom' in Unit-6; the new facility will be built later, (possibly 2009) so visitors will have to take us as they find us! We will post a travel map ASAP.

If you have any enquiries, product suggestions, or comments on how we can improve our services, please respond and **SEND A MESSAGE**. Thank you for reading!
